Dear Howard,

STAT In reference to 9103-59-131. I discussed this request
for [] clearance with []. He informs me he does
not recall having discussed this with []. Also,
STAT you will note there is no justification for his clearance
in your letter. Also, there is no justification for the
others requested. It would be appreciated if you could furnish
us with such justification since the number of persons involved
in your firm, as well as other firms, is becoming quite large.

25X1

Very truly yours,

Rod
